FOREWORD

We regret that conditions have arisen which make it advisable to dispose of our herd of Shorthorns. Several years ago we set out to establish a herd which would be second to none in both type and pedigree — money was a secondary consideration to us in the matter of carrying out our objective. Our purchases were made from only the outstanding herds in Canada and the United States, and all the cattle are backed with those bloodlines which have made the Shorthorn so deservedly popular wherever good bovine creatures are in demand. Consequently, we feel that with every animal listed in this sale, with positively no reserve, this sale therefore provides one of the greatest buying opportunities that could be offered anywhere on the continent.

The results of our carefully laid plans have been paying dividends in the kind of cattle we have been providing, and we feel confident that the herd members we are offering will be as useful and profitable to you as they have been to us. We sincerely believe that a great herd of Shorthorns is offered which presents the best in approved type, colours and breeding.

S. C. HADLEY

Sylvan Farms, WHEATLEY, Ontario

GENERAL INFORMATION

TIME: This Dispersal will be held Saturday, June 28th, 1947, starting 1 p.m. sharp (*Daylight Saving Time*).

LOCATION: The Sale will be held under cover, rain or shine, at Sylvan Farms, Wheatley, Ontario.

MAIL, TELEGRAMS, TELEPHONE CALLS, containing information relative to mail or wire bids may be sent to H. R. White, Secretary, Canadian Shorthorn Association, Guelph, Ontario; Professor G. E. Day, Secretary, Ontario Shorthorn Club, 32 Arnold Street, Guelph, Ontario; Will Johnson, 16 South Locust Street, Aurora, Illinois; or any of the Auctioneers. Mail or wire bids will be honestly and faithfully executed.

HEALTH: The herd is Federally accredited for Tuberculosis, and where requested, a blood test for Bang's Disease will be given. A healthy herd has always been maintained. All heifers over four months of age have been vaccinated with serum 19 Bang's vaccine.

GUARANTEE: Pedigrees are correct, and those females that do not have calves at foot are well along in calf. The heifers selling open have not been bred either because of their age, or because we realize that there are always a few breeders anxious to secure open heifers to breed to their own sires. We have always maintained a breeding herd of the utmost reliability. Although this is a Dispersal Sale, it is to be understood that we value our reputation to the extent that we will be willing to give the customary sales guarantee not ordinarily given at Dispersal Sales. The guarantee is as follows:

The cattle offered in this sale are thoroughly healthy and are sold with a guarantee to conform to the health regulations of any province or state into which they may go. All papers necessary for shipment to the United States will be provided.

1. *All bulls sold as separate lots guaranteed breeders. A bull shall not be allowed to serve when under fourteen months of age or be allowed to run with herd when under twenty months of age.*

2. *Cows sold with calves by side are considered proven breeders. All other cows and heifers sold as a single lot are guaranteed breeders, except calves sold by side of dam as one lot. Heifers shall not be served for first calf by heavy or old bull. Cows and heifers over three months gone in calf, according to service date furnished at time of sale, but not proving in calf, must be reported to seller within three months from date of sale; all others served within three months of date of sale not proving in calf or not settled must be reported within six months. Heifers not settled when twenty-*

two months of age shall be promptly reported. Heifers over sixteen months of age sold open, not settling within six months of date of sale shall be promptly reported.

3. Any expense in the return freight is to be paid by the seller. If the animal is proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case the animal proves to be not a breeder, then the purchaser shall be given the purchase price refunded without interest.

TERMS: Cash at conclusion of the Sale.

PEDIGREES: A transferred Certificate of Registry in the Canadian Shorthorn Herd Book will be furnished with each lot sold, and a properly executed Application for Registry will be given for every unborn calf.

We will not be responsible for accidents that may occur. As soon as cattle are sold, they are at the owner's risk, but every care and attention will be given them, and they will be loaded free of cost.

NEWALLYN PRINCE BEAUTY was used in our herd with success. Many of the heifers in the Sale are sired by this bull, and several of the females carry his services. We were forced to dispose of this bull, and regret that we cannot have him on display on Sale Day; nevertheless, we feel that his progeny and his pedigree strength, as noted above, are sufficient recommendation.

This female carries the blood of Collynie Royal Leader well up in her pedigree, as well as the blood of two great sires, Larbert Templar (imp) and Drynie Roister (imp). She has been a good producer for us.

We were anxious to have a top-notch steer and, therefore, steered her good, red bull calf, born February 28, 1947. This steer will sell at foot with the dam, and is sired by Sylvan Farms Mercury.

Lovely Queen 2nd was bred on April 26, 1947, to Scotsdale Ambassador.
